

Public Facilities

Community Development Block Grant public facilities category funds a range of projects that help provide services or meet needs of neighborhoods. Projects have included utility, lighting, or street reconstruction, neighborhood facility upgrades that house neighborhood services, installation of playground or recreation equipment. Other projects include making sidewalks more accessible or the building of a new police sub-station to give rapid response and accessibility.

Project Highlights from 2005-2009 include:

125 HOUSEHOLDS have been assisted through payments of street improvement assessments

TWO neighborhood **SEWER LINES** were replaced

FIVE NEIGHBORHOOD FACILITIES have been improved including Damiano Center, Harrison Community Center, Hillside Sport Court, Sacred Heart Music Center, and the Union Gospel Mission

ONE neighborhood **POLICE SUB-STATION** was built in West Duluth
